

Marion Earl Elementary School News

April 2015

A Message from Administration

Dear Parents/Guardians,

Happy Spring, Eagle Families!

As we enter April, it's time to reflect upon our goals. This month students will reflect upon their beginning of the year goals and create new goals to achieve for the conclusion of the school year. We are so proud of our teachers and students in taking time to set these. Some of these goals will include to increase: reading levels, oral reading fluency rates, math computation skills, and the proper use of writing conventions. What goals can you set with your children at home? Perhaps setting goals in the amount of time reading?

Please Notice This

Testing time is officially here! In grades 3-5, students will participate in the Smarter Balanced Assessment. This assessment will measure proficiency in reading, writing, and mathematics. Students in grade five will also take the state science assessment. This will measure proficiency in elementary science skills.

Please ensure your child is in attendance during testing. Included inside this newsletter is a testing schedule flyer. Attendance counts in High Stakes testing. We want to ensure that all of our students have the opportunity to shine!

As the year slowly concludes, we want to ensure that all students stay on their best behavior. Together we can work as a team to model appropriate behavior for our children. Encourage your children to use manners and speak in complete sentences. Set expectations for your children at home and what you expect from them while at school. In working together, we know that our students will meet any goal placed in front of them.

Thank you for your continued support!

Belinda Schauer, Principal

Constantine Christopoulos, Assistant Principal

Important Reminders

Attendance— Attendance matters! While we understand students who are ill should stay home, we want to stress the importance of daily attendance. When a child is not in attendance, he/she is not learning. Coming to school late also interrupts learning not only for your child but for the other children in the classroom. Please assist your child in making it to school on time! Gates open at 8:55 a.m.

News From Our Specialists

The Art Room- Mrs. Devine's class

In March, our young artists have accomplished amazing and intricate pop-up illustrations of the stories "No Mirrors in my Nana's House" and "To Be a Drum." They made the connections between literature and visual arts and learned about the human body proportions. They also enriched their vocabulary with new art terms, shared and celebrated their creations in class. Please come to visit the displays in the entrance hall showcase and the art room. Join us in the creative process any time during your child's art class to witness the stir of imagination and skill taking place all the time. Next month prepare to be amazed by some awesome expressive portraits.

Physical Education- Mr. Pfeil & Mr. Lopez, Aide

Now that Spring Break is over, this is the time when Mr. Lopez and I prepare for our yearly Field Day which will be on Friday, May 15th. 3rd, 4th, and 5th grade will go from 9:15-11:15 a.m. 1st and 2nd grade will be from 12:30-2:30. Kindergarten will not participate in Field Day with the rest of the students, but instead will have their own special day, with more details to come in the near future. Please know that Field Day is a privilege. If a student receives two behavior citations from now until Field Day, he/she will lose that privilege. We do this not to punish students but to ensure all students who are participating will be able to do so without any distractions or disruptive behavior. Thank you for your understanding.

Music- Dr. Stein

The third grade class of Marion Earl Elementary School IS the Choir for the upcoming production of... *Alice In Wonderland!* This musical will be presented May 20, and May 21, 2015 at 6:00 p.m. in our multi-purpose room. Tickets will go on sale May 4th.

The choir will be the Card Soldiers. The cast is made up of one or more representatives from each of my music classes.

Students are learning a variety of multicultural songs this year in music. If your culture has a special song, please teach it to your child. This is a great way to bond musically. If not, teach your child a favorite song from your childhood!

Library- Mrs. Esposito and Mrs. Selleck, Aide

The month of April brings us to National Poetry Month. Now most students enjoy reading the same type of books week after week—either by a specific author or a specific genre. However, they are continually encouraged to read outside of their "comfort" zone from time to time to explore new material when they are in the Library. If you know that your child easily falls into the reading rut, you may want to try reading some new material to them/with them. Poetry is a great genre that often gets pushed to the side. I am challenging families to explore some poetry this month to try something new. You never know what you are going to discover!

G.A.T.E. and T.A.G.S. Update!

Hadassa Lefkowitz, G.A.T.E. Specialist

Welcome Back! I hope everyone had a wonderful Spring Break! Last month we spent a great deal of time learning about American Pop Art and the artists who have been iconic throughout the last 100 years! Our students researched and prepared fantastic Powerpoint presentations and created their own canvas in the style of their artist! WOW! They were quite impressive! Here are just some of the canvases our G.A.T.E. students created! Can you identify which artists they are trying to emulate?

April promises to be an exciting month as we SPRING into action with our next projects! This time around students will work in teams on one of two projects! They will either create a board game or computer game based on a book their team has selected; or they will research an invention, create a timeline tracing how it evolved over time, and then create a prototype / model of the next generation. This activity will lead into our Inventions "Great Debate" which we will have fun developing next month! I am ecstatic about these upcoming projects and how they will turn out!

If you ever have any questions or concerns, or you would just like to come in and experience G.A.T.E. or T.A.G.S. time with your child, please let me know!

Remember...G8ISBR8!

National Elementary Honor Society: February News

Lisa Ajemian, Rochelle Graves, & Hadassa Lefkowitz, Co-Advisers

Happy April, Eagles! It's so great to see everyone energized and ready for all the exciting events coming up! But first... Let's share what an awesome time we had "ROCKIN OUT" to *School House Rock* at the Smith Center last month! Great songs! Great cast! So much fun and educational, too! Thank you to everyone who participated on this field trip! You represented Marion Earl with true Eagle Pride!

This month we have our new member Induction Ceremony on April 16th at 5:30pm. New inductees, NEHS officers, and NEHS members who will be working at this event, please be sure to arrive back at school by 5:15pm. We are so proud of our new inductees!

Next month we will have our picnic and ice cream get together for all NEHS who completed a minimum of 10 community service hours by the end of this month. Please make sure your community service logs are complete and signed by a parent / guardian. We are looking forward to 100% participation! Keep up the great work!

March

Students of the Month

Robert Basuil- Ms. Sorensen

Elijah Scott- Ms. Varrato

Fabiana Donohue- Ms. Crooks

Samantha Gonzalez- Ms. Crooks

Jiawei Ni- Ms. Keltz

Jada Anaya- Ms. Boyadzhyan

Liya Yohannes- Ms. Williams

Joseph Kostinko- Ms. Barrow

Sofia Cupich- Ms. Daniel

Arlene Simiano- Piedra- Ms. Borreggine

Leonardo Popa- Ms. King

Jamarcus Clerk- Dr. Fuller

Dennis Flores Meraz- Ms. DeBenedittis

Valeria Castillo- Dr. Singson

Jasmine Sugimoto- Ms. Hardesty

Drake Clark- Ms. Reed

Aracelli Hernandez- Ms. Rom

Kylea Eaton- Ms. Barrios/Jolley

Da'Tazeja McMurray- Ms. Strano

Miley Valle- Ms. Johnson

Giselle Zemp- Ms. Brock

Brandon Dadis- Ms. Szczubiala

Kayla Keyes- Ms. Flores

Jocelyn Anaya- Ms. Yacubovich

Britney Kapugama- Ms. Pfeil

Violet Lomas- Ms. Ringer

Christofer Garcia- Mr. Nguyen

Isaiah Alba- Mr. Marhenke

PTA Newsletter Info

Hello to all of our Marion Earl Parents and Students! Happy Spring!

Please be advised that due to Spring Break, there will be no PTA Meeting in April. We will resume our monthly meeting on May 6, 2015, at 3:30 p.m. in the Art Room. At this meeting, we will be accepting PTA Board Nominations. If you are interested in a spot on our Board, please plan to attend this meeting!

Thank you very much for all of your support so far this year! We have some fun events in store for the last few months. Look for flyers to be sent home with your child in the near future!

APRIL 2015

Grades 1-2 tutoring runs from April 13 - May 26, 2015.

Grades 3-5 Smarter Balanced Testing is this month!

See insert for schedule. Please ensure your child's attendance on testing days.

Literacy tutoring for grades 1-2 is held on Monday and Tuesday from 3:21-4:30 p.m.

Math tutoring for grades 1-2 is held on Wednesday and Thursday from 3:21-4:30 p.m.

Mon	Tue	Wed	Thu	Fri
6	7 Good News Club 3:21-4:30 p.m., Room 82 Story time, MPR, 5-6pm	8 Girl Scouts 6 p.m.	9	10
13	14 Good News Club 3:21- 4:30 p.m. Room 82	15 Girl Scouts 6 p.m.	16	17 Pre-K Family Engagement Day 10:00 a.m. -12:00 p.m.
20	21 Good News Club 3:21- 4:30 p.m. Room 82	22 Girl Scouts 6 p.m.	23	24
27	28 Good News Club 3:21- 4:30 p.m. Room 82	29 Girl Scouts 6 p.m.	30	31 Reminder...Check your child's grades on Infinite Campus

Kindergarten News

Ms. DeBenedittis, Dr. Fuller, Ms. King,
Ms. Reed, Ms. Ringer, and Ms. Yacubovich

**“Try to be a rainbow in someone's cloud.”
-Maya Angelou**

A Message from Kindergarten Teachers:

We are nearing the end of our kindergarten journey. We have nine weeks of school left and your children are so close to becoming first graders. We are on the home stretch so continue to read nightly and practice your sight words list, too. The only way to become a confident reader is to practice, practice, practice.

With writing, set up a writing station and encourage your child to write and draw about things that interest him/her. They can write about stories he/she likes or dislikes and explain why. Most importantly remind them to write four to five complete sentences relating to the topic, using capitals and periods.

With math, we are working with compose (put together) and decompose (break apart) numbers from 11 to 19 into ten ones and some more ones using objects and drawings (e.g., $15=10+5$). Also, continue to practice addition and subtraction math facts.

We are so proud of our students' and what they've accomplished so far this year. We remind our students on a daily basis they can learn and do anything if they put their mind to it and try their best. Thank you parents for your support and all you do at home!

It's not too late to become more connected to your child's school!

When parents and schools work together, the results can be incredible, including better grades, attitudes and behavior.

In today's busy world, however, the idea of parent involvement can be overwhelming. "What do I have to do?" you may wonder. "I'm already short on time!" Don't worry. Involvement doesn't need to be complicated or time consuming.

Even though the end of the school year is right around the corner, it isn't too late to get involved. Starting right now, you can:

Attend school events. While at school, make an effort to connect with staff and other families.

Read materials. Pay attention to school information sent home and posted online. Keep track of important dates, such as end-of-year tests and celebrations.

Volunteer. Ask your child's teacher if there is anything you can do to help out. Perhaps you could prepare items for a craft, organize a class party, read to students or help in another way. Join the parent-teacher group. If you can't make it to meetings, take time to read the minutes from each meeting. Ask the teacher questions. "How can I help my child succeed?" "Should I correct homework mistakes with him?" "What are the most important school tasks for us to accomplish each day at home?"

First Grade News

Ms. Barrow, Ms. Brock, Ms. Rom, Ms. Sullivan,
Ms. Varrato, and Ms. Williams

**"Try to be a rainbow in someone's cloud."
-Maya Angelou**

A Message from First Grade Teachers:

First grade is very excited to start our new Foss Kits for science. This will include simple concepts of physics to understand balance and motion. Additionally, we will be studying economics in social studies. Math will be adventurous as we explore measurement, telling time, and understanding data on charts and graphs.

Please continue to listen to your child read aloud since we will be completing our third round of oral reading fluency benchmarks. These benchmarks measure how many words per minute your child can read. Research shows that oral reading fluency is a great indicator of reading academic success. Thank you for supporting your child with their homework. We appreciate how you have them to school on time and ready to learn.

It's not too late to become more connected to your child's school!

When parents and schools work together, the results can be incredible, including better grades, attitudes and behavior.

In today's busy world, however, the idea of parent involvement can be overwhelming. "What do I have to do?" you may wonder. "I'm already short on time!" Don't worry. Involvement doesn't need to be complicated or time consuming.

Second Grade News

Ms. Borreggine, Ms. Crooks, Ms. Hein,
Ms. Garner-Barrios, and Ms. Pfeil

**“Try to be a rainbow in someone's cloud.”
-Maya Angelou**

A Message from Second Grade Teachers:

We are working hard to improve our scores on the 3rd Discovery tests, which will be coming up soon. You may monitor your child's progress and grades online.

In language arts, students are reading biographies. There are many great biographies written for children in our school library and public libraries. Help your child pick out a biography of a famous scientist, athlete, politician, author, or artist that they would like to investigate. It will widen your child's world and help them consider possibilities for their own future.

In science, we will be studying air and weather. Have your student watch the local weather reports and discuss it with him / her. Also the Weather Channel often has interesting programs about weather, which your child might enjoy.

In social studies, we will be discussing history with an emphasis on the colonial period and the American Revolution. We will be talking about documents such as the Declaration of Independence, the Constitution, and the Bill of Rights.

In math, we are working on collecting data and using it to answer math questions. We will go on to fractions and measurement. Those students that have not memorized their math facts are finding it difficult to add and subtract two and three digit numbers. We must emphasize the addition facts and subtraction facts need to be on automatic recall for a student to excel in math from 3rd grade forward.

The end of the year is fast approaching, so we must push for as much growth as possible. 3rd grade will be a pivotal year for your child. We want every student to be as prepared as we can make them!

It's not too late to become more connected to your child's school!

When parents and schools work together, the results can be incredible, including better grades, attitudes and behavior.

In today's busy world, however, the idea of parent involvement can be overwhelming. "What do I have to do?" you may wonder. "I'm already short on time!" Don't worry. Involvement doesn't need to be complicated or time consuming.

Ms. Sorensen, and Ms. Strano

**“Try to be a rainbow in someone's cloud.”
-Maya Angelou**

It's not too late to become more connected to your child's school!

A Message from Third Grade Teachers:

Third grade is soaring into spring! Through the month of April, we will learn many strategies to help us to understand measurement and geometry. Students are very excited about learning these new skills and are celebrating success each and every day! Please encourage your child to practice his or her multiplication and division facts daily, and to challenge themselves to grow. Also, we encourage you to give your child opportunities to use reading and multiplication skills to make connections to the world.

April is an exciting month because we will be taking the Smarter Balanced Assessment! We can't wait to celebrate all of the success. Please encourage your child to try his or her best, and help them to understand that this is an exciting way for them to show everything they have learned this year. We are so proud of all of our third graders and we know they will **ROCK THIS TEST!** We want to “thank you” for all your support in your child's education.

When parents and schools work together, the results can be incredible, including better grades, attitudes and behavior.

In today's busy world, however, the idea of parent involvement can be overwhelming. "What do I have to do?" you may wonder. "I'm already short on time!" Don't worry. Involvement doesn't need to be complicated or time consuming.

Fourth Grade News

Ms. Keltz, Ms. Lynn, Mr. Nguyen,
and Dr. Singson

**“Try to be a rainbow in someone's cloud.”
-Maya Angelou**

**It's not too late to become more
connected to your child's school!**

A Message from Fourth Grade Teachers:

This month 4th grade will be doing a variety of exciting and fun activities. In reading, we will be focusing on comparing and summarizing two texts on the same topic. In math, we will be working hard on measurement and analyzing data. We will also be doing research compositions in writing. In social studies, our primary focus will be prospectors and mining, and how is mining important to Nevada's history. In science, we will be exploring electrical circuits.

These are some of the riveting highlights of this month. Please remember to read and review multiplication facts with your child daily. Also attendance will be crucial this month due to the Smarter Balanced testing. Your child's preparation and success depends on it. Please give your child every opportunity to shine!

When parents and schools work together, the results can be incredible, including better grades, attitudes and behavior.

In today's busy world, however, the idea of parent involvement can be overwhelming. "What do I have to do?" you may wonder. "I'm already short on time!" Don't worry. Involvement doesn't need to be complicated or time consuming.

Fifth Grade News

Ms. Flores, Ms. Hardesty, Ms. Logan,
and Ms. Szczubiala

**“Try to be a rainbow in someone's cloud.”
-Maya Angelou**

News from Ms. Szczubiala, Ms. Flores, and Ms. Hardesty:

In Mrs. Hardesty’s math class for the month of April, we will be preparing for our SBAC testing by completing a variety of practice problems and reviewing previously taught concepts. Students will be utilizing academic websites such as TenMarks and Front Row to strengthen their skills. Please encourage your child to utilize these websites at home.

In Ms. Flores' class, students are learning to recognize figurative language in literature, how to use citations in writing, and how to cite in a reference page.

This spring in non-fiction reading and writing with Ms. Szczubiala, students will delve into American history. The 5th grade teaming students are learning about the social, political, and religious cultures in the early American colonial regions and will be giving a short oral report after spring break. Students are also working on learning the states and capitals.

Any students who are hoping to earn the Great American Award need to complete their final steps in April! We hope to see your child’s name on the Great American bulletin board.

News from Ms. Logan:

Ms. Logan’s Class is working on understanding volume and measurement conversions. We are also reviewing previous math skills in preparation for the upcoming testing. Ask students to explain why, or how, they solved something. Students need every opportunity to explain their thinking.

In language arts we are continuing with vocabulary building, using context clues, main idea, sequencing and organizing, and logical thinking. I encourage students to use our Web-based programs to practice skill building. Practicing daily on programs such as **Moby Max**, which gives students a lot of practice on skills at the level they need, **ReadyTest A-Z** for reading, **Noredink.com** for grammar, and **Frontrowed.com** for math, which can help students prepare for the new SBAC test for this year. All these program supports can be accessed through our Marion Earl Website. I especially encourage students to practice from home, as it gives students a lot of opportunity to practice skills and standards.

It's not too late to become more connected to your child's school!

Garden of Earl ~ Blooming News!

Garden of Earl ~ Blooming News!

Hadassa Lefkowitz, Garden Committee, Chairperson

Spring has definitely sprung in the Garden of Earl! Last month, our First Grade classes learned with Farmer Dana all about herbs, spices, and vegetables, and how we can identify them using each of our five senses! Additionally, students had loads of fun working in the garden. First graders were able to till the soil, plant new seeds of red and white radishes and arugula! They also had some fun with little red wigglers... burying these little worms in the soil to help our crops grow!

Over the next few weeks we will be adding more crops to our Garden of Earl! We can hardly wait to plant our peppers and tomatoes! Watching them grow will be fun, but tasting them will be an extraordinary gastronomical experience! Stay tuned for more information on upcoming Garden of Earl events!

If you would like to become part of our Garden of Earl Committee, share your knowledge and expertise, and support its growth and maintenance, please let us know!

This is OUR Marion Earl COMMUNITY Garden for all of us to share and enjoy!
We look forward to having more Farmer's Market events for you!

Good News Club

Good News Clubs emphasize character development such as kindness, honesty, and respect for authority. We do this from a Biblical perspective because we know God can make a difference in the lives of the children and their families. During the club hour children will receive a snack, sing songs, learn a memory verse, hear a missionary story, play games, and hear a Bible lesson. It is a fun-packed interactive hour of learning that meets every Tuesday from 3:21-4:30 in portable #83
For more information, please contact Jaymie Cutting at jcutting@interact.ccsd.net.
