A Message from Administration

Dear Parents/Guardians,

Happy March, Eagles! The Smarter Balanced Assessment is approaching! Students in grades 3-5 will take this assessment. It is very important that your child be in attendance on testing dates. Although this assessment is taken in grades 3-5, all of our teachers contribute to our students' success. We work together as a team to ensure students receive top quality instruction. Remember, this assessment measures what students have learned since kindergarten.

As we prepare our students for the Smarter Balanced Assessment we must remember the purpose of this high stakes assessment. This assessment measures what students have learned and reports this data to the Nevada Department of Education. This data is then used to determine our school's rating and to make other important decisions about education in Clark County. Teachers also use this data to help our students create educational goals.

When discussing this assessment with your children, please reinforce that we want them to try their best. We want our students to be comfortable (not anxious or nervous), but we want them to approach this test with a serious mind set. Most importantly we want them to be prepared to succeed. As always, confidence is key!

Our teachers have prepared students by providing them with engaging whole group lessons, worthwhile tasks at an appropriate amount of challenge, small group instruction, one-on-one instruction, and building positive relationships with students. Many students participated in after school tutoring in both English Language Arts and Mathematics.

Teachers have also ensured that students have practiced the assessment. In order to succeed, students must understand the format of the assessment. Online testing is new to students, so we must expose them to the practice tests. You can find these practice tests at <http://sbac.portal.airast.org/practice-test/>. Just click on the green box towards the bottom of the screen titled "Student Interface." With help from both home and at school, our children will be best prepared.

Parents who have students in kindergarten through second grade can also prepare their students. Typing is an essential lifelong skill. Since the assessment is online, students will need to know how to type efficiently. There are a variety of learning-to-type websites online. <http://www.bbc.co.uk/guides/z3c6tfr> is a fun and engaging website that you may want to check out. (Check out the links on our website.)

Thank you for your continued support! We cannot wait to see how our students perform! You make Marion Earl SHINE!

Thank you for your continued support!

Belinda Schauer, Principal

Constantine Christopulos, Assistant Principal

School Lunch

Please remember...

You can pay for your child's lunch online.
